[Marco Rubio for U.S. Senate](#)

Mike-

In one day we will know where we stand. June 30th is the end of this fundraising quarter and for the pundits and lobbyists these numbers will be one statement of viability. The inside-the-beltway politicians and pundits have already counted us out.

But they don't know what I know: that this campaign is made up of people across this state, and frankly this country, who are determined to fix a broken system. This campaign is about people committed to showing the establishment what a true grassroots movement looks like. This campaign is about people who are [ready to send a real conservative](#) to the U.S. Senate.

Governor Crist has been crisscrossing his way across Florida one \$2,000-a-plate dinner at a time, taking money from people who don't care if this election is won by Republicans or Democrats as long their interests are protected. Meanwhile, Marco has been out there each and every day talking to you: the people, the families, the heart and soul of Florida about his vision for the future of Florida and our great country.

We need Marco in the U.S. Senate. But he needs our help.

As I've already said, Marco represents the best in what our Party should strive to be. He is the candidate to put our Party back on track. We have a great opportunity to elect a true conservative and a greater obligation to elect a man of principle. But to do this we must show that this is a strong grassroots movement. [I hope you will take the time to donate to Marco today.](#)

Proud to Stand with Marco,

Jeb Bush, Jr.

P.S. [Mike, The deadline is tomorrow. It's now or never. Will you please donate to Marco's campaign today? Every dollar counts.](#)
