Statement From The Crist Campaign To Speaker Rubio Regarding The Sansom Case

TALLAHASSEE - The Charlie Crist for U.S. Senate campaign today released the following statement from Campaign Manager Eric Eikenberg requesting that Speaker Rubio provide all relevant documents regarding the ongoing investigation of Rep. Ray Sansom:

“It has been reported that you were subpoenaed as a potential witness for the House trial that was previously scheduled for today. As you are well aware, your hand picked budget chief, Rep. Ray Sansom, resigned from his House seat yesterday. Despite his resignation, he is still the subject of a criminal investigation in the Leon County Circuit Court.

“The investigation in Circuit Court could last well beyond the August primary election. Therefore, it is essential that the Republican primary voters and the people of Florida understand the role that a potential U.S. Senator might have played in matters that are now under investigation.

“To that end, we are confident that you will agree to release all emails and documents between Rep. Sansom, yourself, and your respective staff. We look forward to your response.”
